"WANT LOVE"

ONE LAME PARTY.

Remember how fun it was being stuck at a party with a bunch of people you don't care about?

me neither.

The washed out color pallet and 1980's feel of the house makes this party a trainwreck. No one wants to talk to each other, no one wants to dance and no one wants to socialize.

WHAT IF!

we could see what these partiers actually
wished they could do?

Don't wanna talk to that jerk who's bragging
about his parent's corvette?

EAT PIZZA INSTEAD!

What about that cute girl you've had a crush
on since middle school?

RUNAWAY TOGETHER!

Let's end with an epic house party! Confetti canons, dope DJ, booty shakin' music cuz we tryna get right!

SICK PARTY!

GIRAFFE FTW!
